Re: Saad Site, Nashville, Tennessee

Dear Ms. McCarty:

On behalf of R.R. Donnelley & Sons Company ("R.R. Donnelley"), we are responding to your letter dated November 27, 1989 that notifies R.R. Donnelley of its potential liability for removal activities to be conducted at the Saad Site ("Site") in Nashville, Tennessee. You asked that R.R. Donnelley indicate its willingness to cooperate with the agency in the above-referenced matter within 10 working days of the receipt of the notification letter. Your letter was received by R.R. Donnelley on December 1, 1989.

Although R.R. Donnelley continues to investigate this matter, it initially states its intention to cooperate with the agency in an appropriate manner. Corporate records reviewed by R.R. Donnelley indicate that the General Printing Ink Division of Sun Chemical Chemical Corporation was the actual generator of substances allegedly sent to the Site by R.R. Donnelley.

We understand that the agency has scheduled a meeting at its offices on December 14, 1989, at 10:00 a.m. to meet with

the potentially responsible parties named at this Site to discuss the matter in fuller detail. We plan on attending that meeting. We also ask that all other contacts with R.R. Donnelley regarding the Site be directed to me at (312) 853-7370.

Very truly yours,

Katherine W. Delahunt
